PROFESSIONAL EXPERIENCE

Software Engineering Analyst / Senior Web Specialist **June 2025 - Present**

UPS | Louisville, KY

- Develop, maintain, and enhance internal enterprise web applications supporting reporting, workflow management, compliance tracking, training administration, and operational processes.
- Build and troubleshoot ASP.NET Core Razor Pages using C#, JavaScript, HTML, CSS, SQL Server, Dapper, and stored procedures.
- Modernize legacy authentication and user lookup workflows through Microsoft Entra ID, Microsoft Graph API, OpenID Connect, and Microsoft.Identity.Web integration.
- Implement secure configuration and certificate handling using HashiCorp Vault, encrypted secrets, and certificate-based authentication practices.
- Create and update SQL Server stored procedures, views, and reporting logic to improve data accuracy, performance, and usability across internal tools.
- Troubleshoot full-stack issues across the user interface, server-side logic, database procedures, authentication flow, IIS deployments, and internal integrations.
- Develop and maintain automated data export processes, including scheduled CSV generation, retention logic, and SFTP delivery for recurring business reporting.
- Collaborate with business users, technical teams, and operational stakeholders to gather requirements, resolve defects, validate deployments, and improve system usability.

Certified Hazmat Responder **July 2020 - June 2025**

UPS | Louisville, KY

- Supported regulated operations by following internal procedures, safety requirements, and compliance-focused workflows.
- Used internal business systems to research records, document details, support operational decisions, and streamline daily processes.
- Analyzed complex operational data to support accurate reporting, issue resolution, and cross-functional communication.

Web Developer Intern | Drupal / Plone **June 2024 - May 2025**

UofL School of Medicine | Louisville, KY

- Assisted with website migration, content maintenance, and page updates using Drupal and Plone content management systems.
- Maintained accessible, accurate, and consistent web content while supporting improved user experience and site organization.
- Collaborated in weekly team meetings to review updates, resolve content needs, and support website modernization efforts.

Web Developer **Fall 2022**

Helping Hands Foundation | Remote

- Designed and developed a responsive website using HTML and CSS, applying mobile-friendly design principles.
- Customized website layout, styling, and content based on client needs to improve usability and visual consistency.

HONORS & CERTIFICATIONS

- Dean's List, University of Louisville, Spring 2023 - Spring 2025
- Microsoft Office Specialist Certification, Fall 2023
- Graduated with High Distinction, Jefferson Community and Technical College, December 2022
